Hand Sanitiser

Code: KQHS071

Packaging: 500ml – 5ltr – 200ltr

Features:

- RTU (Ready To Use)
- Apply, rub and go - no need to rinse off
- Provides residual protection
- Use for prevention and for cure
- Fragrance free
- Safe for use in food preparation areas
- Non-hazardous-safe for use in the vicinity of vulnerable people and children
- Alcohol, chlorine and triclosan free
- Safe to use in challenging environments and on sensitive equipment

Katana Quat alcohol free Hand Sanitiser provides rapid, long lasting disinfection and biological cleanliness to all hard working hands.

When used as directed the high performance antimicrobial formulation coats the skin with a monomolecular layer that continues providing protection long after the initial application. Regular use ensures sustained broad spectrum pathogen protection.

Katana Quat Hand Sanitiser is suitable for use in high traffic locations where soap and water are not available or in areas where a higher level of hand sanitisation is required.

The active ingredient Quaternary ammonium, commonly used in healthcare and food-service industries, attacks protein and lipid structures, thwarting the pathogen's typical mode of infection.

Tool Sanitiser

Code: QTC072

Packaging: 500ml – 5ltr – 200ltr

Features:

- RTU (Ready To Use)
- Spray & go - no need to rinse off
- Provides residual protection
- Use for prevention and for cure
- Fragrance free
- Non-flammable
- Non-hazardous-safe for use in the vicinity of vulnerable people and children
- Alcohol, chlorine and triclosan free
- Safe to use in challenging environments and on sensitive equipment

Stay Safe Systems Tool & Surface sanitiser provides rapid, long lasting disinfection and biological cleanliness to all work areas & equipment.

When used as directed the high performance antimicrobial formulation coats the surface with a monomolecular layer that continues providing protection long after the initial application. Regular use ensures sustained broad spectrum pathogen protection.

Simply apply to the surface you wish to disinfect and leave to dry.

The active ingredient Alkydimethyammonium Chloride, attacks protein and lipid structures, thwarting the pathogen's typical mode of infection.

Stay Safe Systems Tool & Surface Sanitiser is classed as a low irritant, so no problem if you get on your skin.

ISO Shield – Upto 21 Days From a 3 in 1 Cleaner, Sanitiser & Protectant

CLEANS Superior formula, effectively cleans away dirt, oils, fats, grease, faeces, blood, germs and bacteria on hands and surfaces without using water.

SANITISES Kills 99.99% of bacteria and germs and is one of the safest and widest ranging bacteria inhibiting sanitisers available.

PROTECTS ISOSHIELD™ provides longer lasting protection from germs and bacteria and is PROVEN to protect surfaces for 21+days.

ISOSHIELD is a unique and powerful multi-application cleaner, sanitiser and antimicrobial protectant, redefining protection against bacteria and germs with its revolutionary formulation of active ingredients.

ISOSHIELD can be applied to hands and surfaces. On evaporation, a durable bonded antimicrobial coating is produced which has sustained and soundly proven antimicrobial properties.

ISO Shield kills 99.99% of harmful germs and bacteria and continues to protect for 21+ days.

Certifications include FDA, TGA, CE, TUV, ASTM and SGS. Gloves are available in extra small, small, medium, large and extra large depending on glove type.

A comprehensive range of superior quality, single use and reusable gloves that deliver the best protection for hands. The Hytec premium glove range includes latex, vinyl, and nitrile gloves that have been tested and certified to the highest international standards.

Nitrile Four times stronger than standard latex. Tear resistant and resistance to a large range of chemicals & solvents. Non-sterile & ambidextrous. Recommended for police, ambulance, labs, forensics, automotive & food handling.

Vinyl Looser fitting than latex. Can be worn where allergies to latex exist. No odour. Non-sterile & ambidextrous. Recommended for food handling, healthcare, labs and food processing.

Latex Recommended for use in healthcare, laboratories, automotive and printing. Latex offers ultimate flexibility, dexterity and sensitivity. Close fitting protection. Non-sterile and ambidextrous

Armour Black Flat Nitrile Glove

Code: QTC072

Packaging: 12no – Sizes S-3XL

Features: A palm and finger dip of black nitrile on seamless nylon inner with elasticised wrist
Protection of nitrile from water, chemicals and other compounds
Tight fitting like a disposable glove but comes off easily and is easily reused.
Open nylon back allows the glove to breathe.

This glove has a palm and finger dip of black nitrile on a seamless nylon inner with elasticised wrist. It therefore offers all the protection of nitrile from water, chemicals and other compounds, while at the same time allowing the wearer to carry out fine mechanical tasks with their hands. Often called the glove you wear when you don't want to wear a glove but need to. It is tight fitting like a disposable glove but comes off easily and is easily reused. The lightweight open nylon back allows the glove to breathe.

KN95 – Disposable Respirator Mask

Code: KN95

Packaging: Sold per 10no

Features: The KN95 Disposable Respirator Mask is the equivalent standard of the N95 and P2 masks. Reduce the risk from bacteria, dust, chemicals, pollens and particles. Made of the strong but lightweight breathable full mesh nylon material, the elastic fabric completely fits the face. Comes with a silicone adjustable nose clip, preventing glasses from fogging. Flat fold storage.

4-Layer Design: High-density non-woven fabric-nano filtration-KN95 filtration-high-breathable non-woven fabric, the KN95 Safety Mask can protect you from virus, dust, car exhaust, pollen, etc

Lightweight Design: Soft Comfort Foam, Adjustable Nose Clip, Adjustable Elastic Straps, the KN95 Safety Mask create a secure seal for maximum protection.

3D Ear Hanging and Lightweight Design make your breathing easier. High-quality Elastic Straps make it comfortable to wear for a long time, suitable for home and professional use, indoor or outdoor use.
